

PNEUMATIC CYLINDER

1. Model: DNC
ISO6431 standard air cylinder

2. Model: SI
ISO6431 standard air cylinder

3. Model: ISO (Metalwork)
ISO6431 standard air cylinder

4. Model: DNG
ISO6431 standard air cylinder

5. Model: SC
Airtac standard air cylinder

6. Model: SC(big size)
Airtac standard air cylinder

7. Model: ADVU
FESTO standard air cylinder

8. Model: SDA
Airtac standard air cylinder

9. Model: CQ2B
SMC standard air cylinder

10. Model: MBB
SMC standard air cylinder

11. Model: CA1B
Standard air cylinder

12. Model: SU
Airtac standard air cylinder

13. Model: BDNC
Full stainless steel air cylinder

14. Model: BSC
Full stainless steel air cylinder

15. Model: BSDA
Full stainless steel air cylinder

16. Model: BMAL
Full stainless steel air cylinder

1. Pneumatic cylinder

Pneumatic cylinder is a mechanical device which use the power of compressed air to produce a force in a reciprocating linear motion.

Our core pneumatic cylinder is customized non-standard pneumatic cylinder, ISO metalwork standard pneumatic cylinder, water pressure air cylinder, stainless steel pneumatic cylinders, SMC series dual rod air cylinders etc.

The series of our pneumatic cylinders include ISO6431 and ISO6432 series, ISO15552 standard series, Italy type pneumatic cylinder, SMC series and Airtac standard air cylinders.

Normally, the working pressure for pneumatic is 0.1~0.9MPa, and the working temperature is -5~60 .

PNEUMATIC CYLINDER

17. Model: FENG
FESTO air cylinder guide

18. Model: CDA2B
AIRTAC standard air cylinder

19. Model: TN
Dual rod air cylinder

20. Model: CXSM
Dual rod air cylinder

33. Model: CJ2B
SMC needle air cylinder

34. Model: CDJPB
SMC needle air cylinder

35. Model: CJP2B
SMC needle air cylinder

36. Model: CJPB
SMC needle air cylinder

21. Model: CXSW
Dual rod air cylinder

22. Model: MGPM
Three rod air cylinder

23. Model: MGPM-N
(new type)
Three rod air cylinder

24. Model: STMB
Dual rod air cylinder

37. Model: CY1B
Rodless air cylinder

38. Model: CY1R
Rodless air cylinder

39. Model: CY1S
Rodless air cylinder

40. Model: CY1L
Rodless air cylinder

25. Model: DSN
ISO6432 standard air cylinder

26. Model: MA
AIRTAC standard air cylinder

27. Model: MAL
AIRTAC standard air cylinder

28. Model: CDJ2B16-50
SMC standard air cylinder

41. Model: CDU
Free mounting air cylinder

42. Model: CUJB
SMC mini air cylinder

43. Model: MSQ
Pneumatic rotary table

44. Model: CRA
Pneumatic rotary table

29. Model: CDJ2B10-25
SMC standard air cylinder

30. Model: CDJ2B6-50R
SMC standard air cylinder

31. Model: CJB4-20
SMC needle air cylinder

32. Model: CJB6-10
SMC needle air cylinder

45. Model: CRQ
Pneumatic rotary table

46. Model: MHZ2
Pneumatic gripper

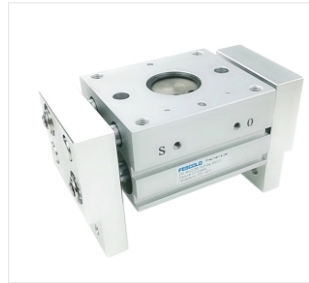

47. Model: MHY2
Pneumatic gripper

48. Model: MHC2
Pneumatic gripper

PNEUMATIC CYLINDER

49. Model: MHL2
Pneumatic gripper

50. Model: RSQB
Pneumatic stopper cylinder

51. Model: SRC
Rotary clamping air cylinder

52. Model: MK
Rotary clamping air cylinder

53. Model: MK-2
Rotary clamping air cylinder

54. Model: MK-3
Rotary clamping air cylinder

55. Model: MXH
Pneumatic slider

56. Model: MXS
Pneumatic slider

57. Model: MXQ
Pneumatic slider
